Leering Men Caught Out

Footage that two New Zealand women shot using a hidden camera to catch men leering at their behinds has gone viral on the Internet, attracting more than 1 million hits in three days.

Jessie Gurunathan and Reanin Johannink rigged up a camera to covertly record men's reactions as they walked the streets of Los Angeles, posting the resulting footage on video-sharing site YouTube.

“If you've ever wondered what goes on behind your back, we've we figured out a way to bust people, so check out ass-cam,” Johannink says in the clip.

The video, titled Rear View Girls, shows some men making blatant double takes to ogle the women. Even a man dressed as Jesus sneaks a look. <http://www.youtube.com/watch?v=xq0JcQ1dOwU&feature=related>
